RE: Sustainability Statement

Nystrom certifies and provides the following information for use in achieving LEED v5 credit for specification of the following:

Product: Seismic Fire Barrier Wall Systems

Models: FLF140/FLW140

Final Assembly Location: Minneapolis, MN

LEED v5 Credit Contributions

Category: Materials and Resources

Credit: MRc4 – Building Product Selection and Procurement (5 Points Possible)

Nystrom has demonstrated achievement in two criteria areas for Seismic Fire Barrier Wall Systems:

- *Human Health:* A published, complete Health Product Declaration (HPD) is available for [Seismic Fire Barrier Wall Systems](#), with full disclosure of known hazards of all substances present at or above 100 ppm (0.01%) and Pre-Checked for LEED. [Score: 1]
- *Circular Economy:* Nystrom Seismic Fire Barrier Wall Systems are constructed of 19.8% Steel Alloy, which has a default 25% post-consumer recycled content. [Score: Up to 1]
